Dear [redacted]

STAT

I received your letter a few days ago; thanks very much. I really appreciate the letter to [redacted] and I'm sure that it will help.

STAT

Right now my plans are to simultaneously pursue the Coast Guard option and corporate aviation. I've become quite enthused about corporate flying in recent weeks, and I'm hopeful that the similarity between it and my last job will give me an edge.

In the meantime [redacted] and I are on our way to [redacted] where I'll drill with the reserves and look for some temporary flying.

STAT

Again, thanks for your time, and please extend my appreciation to the Admiral.

Sincerely,

STAT
